	Norway	Kjelsås Scouts Day, "KSD"	Kjelsås Scouts Day is a weekend where the Kjelsås scouts together build a Tivoli out of wood poles with the aim to promote scouting and raise funds for the scout group's activities. Two scout leaders from Azerbaijan that were currently studying in Budapest came to the event to experience how Norwegian scouts are raising our money and bring ideas home. This was not founded by the project.	28 – 30 May 2010
	Norway	Velmunden canoeing expedition	The Velmunden expedition was arranged by Kjelsås leaders and three leaders and two scouts from Azerbaijan came to Norway to participate. The two scouts participated at the same level as the Norwegian scouts and the leaders participated as a part of the Norwegian leader group. The expedition had focus on environment and recycling. The expedition lasted for 8 days and the Azerbaijani scouts came to Norway two days before and stayed two days after. In this way they could take part in the last day's preparations for the camp. After the expedition they sat down together to plan the Caucasus mountain expedition in more detail and to update the Norwegians on the progress.	18 – 29 June 2010
	Norway	Caucasus mountain expedition	The expedition was arranged by ASA and ISGF within a total of 11 people participated. Four of them came from Norway and 7 from Azerbaijan. The expedition lasted for 6 days and was done in the mountain region on the border to Russia, close to the city Quba. A seminar was conducted with the topic "networking". The Norwegians had one day before and one day after the expedition in Baku, where the day after the camp was used to sort	29 July – 7 August 2010

			out financial issues.	
	Norway	Evaluation in Baku	Evaluation took place in Baku with central persons from both countries. We spent two days with discussing. One day we used to look back at this year's activities and what we achieved. The next day we spent looking forward and discussing next year and the future of the project. 6 Norwegians and 7 Azeri's attended the discussions, and they all is or have been central persons in the project.	30 September – 4 October 2010
	Norway	Christmas visit	The two leaders who run the project from Azerbaijani side came to Norway in December so that they could work together with report and next year's application. After several years we know that we manage to do much more when working and discussing face-to-face rather than sending e-mails back and forth. During these days we managed to finish the report for 2010. They also made a new long term development goal for the new project that are starting in 2011 and new project objectives. They wrote a "joint venture agreement" and looked at the questions in the application for 2010, to discuss what to write in the 2011 application (At that time LNU wasn't finished with the application for 2011). The possibility of applying for founding from other sources was also assessed and we are trying to find other partners.	16–23 December 2010
	Norway	Winter camp in Bakuriani	Scout groups from Azerbaijan and Norway organized the winter camp for improving their winter camping skills. The scouts of Georgia were also invited to the camp.	February 2011
	Norway	Azerbaijan Scouts` Day	One of Baku Scout groups organized a fair and different scout activities with the aim to promote scouting and raise funds for the scout group's activities.	April 2011
	Norway	District camp in Norway	A patrol of Scouts of Azerbaijan went to Norway to take a part in district camp with many water activities.	July 2011
	Norway	Winter camp in Shakhdagh	ASA and NSF are planning to make the second international winter camp in the Caucasus mountains of northern part of Azerbaijan.	December 2011
