Circular 17/2011

32 countries hosting awareness raising seminars on non-discrimination and equality targeted at civil society organisations

Dear friends,

The project "Awareness rising in the areas of non-discrimination and equality targeted at civil society organizations" aims to design specific training material and activities for NGOs in order to help strengthen their capacity to deal with non - discrimination and equality.

The main purpose of the project is to improve the impact and effectiveness of civil society organizations regarding to the implementation of equality and non-discrimination legislation and policy through their programmes and activities.

This project could therefore support your national organisation/association to design, renew, and strengthen the programme or strategy to be more open. In the Regional Scout Plan, NSOs and NSAs in Europe expressed their interest to work more with the Region on **Embracing Change**.

We believe that these seminars would be a great opportunity to work with this priority.

The Awareness raising seminars in the areas of non-discrimination and equality will take place in 32 European Countries in 2 rounds:

- Mid-October – end of November 2011
- Mid-January – mid-February 2012.

Please find below as annex, a list with national contact points to relate with in order to participate at the national awareness raising seminars

The main features of the project are:

- ❖ Grounds of discriminations related to: race and ethnic origin, religion or belief, age, disability, sexual orientation and so on;
- ❖ Preparation of information materials, awareness rising seminars in each of the target countries and, dissemination of information materials after the national seminars.

The **project management team** is formed by the Migration Policy Group (MPG) www.migpolgroup.com and Human European Consultancy (HEC) www.humanconsultancy.com

If you need to know more about this seminar don't hesitate to contact the WSB - European Regional Office in Brussels, amasson@scout.org
