Funding opportunities for NSO/NSAs in Europe

Dear friends,

You may recall that in the recent years the European Region has been increasingly trying to promote the use of as well as the accessibility to external sources of funding for Scouting in Europe.

Several efforts have been made to inform NSO/NSAs about European funding opportunities and good results have been achieved in terms of support to regional and national events and projects.

I now have the pleasure to share with you the first of two documents that will hopefully be useful to you and your organisation: "Funding opportunities for NSOs and NSAs in Europe – Issue 1". The document is a working tool for all NSOs and NSAs, aiming to offer comprehensive information about the different funding opportunities available in Europe. It will be added to as further information is available.

It gives an overview of the available funding opportunities, with useful information and direct contacts. Particular attention is given to deadlines and procedures to enable you to be aware of the amount of time and preparation required for an application.

Please note that some of opportunities are offered directly through WOSM (or various entities related to Scouting) while others are external and not limited to Scouting. I warmly suggest to each NSO/NSA to identify which funding opportunity could be more relevant to its aims, needs and projects.

If you are interested to know more about the different opportunities or if you are have a specific question, do not hesitate to contact Nicolò in the Brussels Offices at npranzini@scout.org

Yours sincerely,

David McKee
Regional Director

Youth in Action Programme of the European Commission (YiA)

- **Donor:** European Union
- **Aim:** is the Programme that the European Union has set up for young people and youth organisations. It has been designed to support activities and events that aim to inspire and foster a sense of active European citizenship, solidarity and tolerance among young Europeans and to involve them in shaping the Union's future. It promotes mobility within and beyond the EU borders, non-formal education and intercultural dialogue
- **Who can apply:** all the programme actions foreseen are eligible for NSOs/NSAs in all the so called "Programme Countries" meaning EU Member States + Iceland, Liechtenstein, Norway, Switzerland, Croatia, Turkey ; only few actions are available for "Neighbouring partner countries", meaning Albania, Bosnia and Herzegovina, FYRoM, Montenegro, Serbia and Israel. Eligible participants are young people aged between 13 and 30 years old or adults active in youth work or youth organisations legally resident in one of the Programme or Neighbouring Partner Countries. For all YiA Projects there are different age limits and also different numbers of eligible participants.
- **Procedure:** Depending on the programme action, the selection process is initiated in one of the following ways: permanent (or on-going) call for proposals and specific calls for proposals. Application forms of each call for proposal are available on the websites of each National agency of the Youth in Action programme. Please note that for the majority of the actions require a partnership among organisations from different countries meaning that the activities have to be international
- **Budget:** each action has different funding rules but generally the support is offered in terms of travel, accommodation and activity costs through percentages of actual costs, lump sums and scale of unit costs. Please note that in all the programme actions of the YiA co-funding is required: the support does not finance in any case the 100 % of the costs

- **Example of approved projects/financed actions:** youth exchanges, youth initiatives, youth democracy projects, European voluntary service, training and networking activities, meetings with young people and those responsible for youth policy. In particular NSOs/NSAs should take into consideration Action 1.2 "Youth Initiatives" and Action 5.1 "Meeting of Young People and those responsible for youth policy" because are the few actions that could be developed at national level without the need of international partners
- **More information:** ec.europa.eu/youth/index_en.htm

Please note that for the majority of the actions require a partnership among organisations from different countries meaning that the activities have to be international
- **Budget:** EYF cannot cover the full cost of the project. Its contribution may not exceed two-thirds of the total cost of a project. Average grant for Category A is 15,000 €; Category B is 5,000€
- **Deadline:** Category A and B two deadlines per year: 01/04 – 01/10. There are no fixed deadlines for the submission of Category D projects however, the project application should reach the EYF Secretariat at least 3 months before the beginning of the activity

- **Example of approved projects/financed actions:** there are 3 categories of grants to which organisations can apply to: A – International youth meetings; B – Youth activities other than meetings; D pilot projects. Other opportunities

- **Foundations:** across Europe several foundations provide funding for youth projects. Some of them are active at European/international level but the majority of them are based and operate at national level. We can't provide, for obvious reasons, an exhaustive list of all the foundations active in the youth field. Therefore NSO/NSAs interested to work with foundations should first look for national databases that are normally available on line. One interesting database is offered by the European Foundation Centre (EFC) at www.efc.be. The EFC is an international association of foundations and corporate funders and those foundations specifically works on children and youth can be found at: www.efc.be/Networking/InterestGroupsAndFora/ChildrenYouth/Pages/EuropeanChildrenandYouthGroup%28Default%29.aspx
- **Corporate sector:** more and more corporate companies are nowadays developing Corporate Social Responsible schemes, providing either funding, services or other kinds of support to civil society organisations. A quite exhaustive list of companies active in Europe can be found at this link: www.csreurope.org/pages/en/membership.html

Useful resources for funding

- **Specifically for NSO/NSAs of South-Eastern Europe:** the Balkan Civil Society Development Network (BCSDN) produced an on line database of donors active in the Balkan region available at www.balkancsdn.net/policy-research-analysis/donor-strategies-and-practices/database/links.html
- **Guidelines on Fundraising produced by WOSM Asia Pacific Region:** www.scout.org/en/information_events/library/fund_mobilisation/guidelines_on_fundraising
- **T-kit 9 "Funding and financial management" produced by UE-COE youth partnership:** youth-partnership-eu.coe.int/youth-partnership/publications/T-kits/9/Tkit_9_EN
- **Open Society Foundations "Mapping of Donors Active in the International Youth Sector":** www.soros.org/initiatives/youth/articles_publications/publications/mapping-of-donors-20100322/mapping-of-donors-20100322.pdf
- **UK Institute of Fundraising** (website with a lot of interesting suggestions): www.institute-of-fundraising.org.uk
- **How to fundraise** (website with lot of interesting suggestions): www.how2fundraise.org
- **Funds for NGOs** (website with lot of interesting suggestions and free latest funds alert): www.fundsforngos.org
- **European Fundraising Association:** www.efa-net.eu

- **For SAGNOs:** the WAGGGS Fund Development Toolkit can be found on the WAGGGS members area of the website under 'Groups>Fund Development' (English, French and Spanish). In the same area people can access the WAGGGS Corporate Partnerships Policy and other WAGGGS Fund Development Policies.

Please note that the European Regional Office always informs NSO/NSAs of funding opportunities that might be interesting for them and has developed a database including all these and other information that are relevant for youth organisations. Some funding opportunities or donors have not been listed in this document only because they might be active only in specific geographical areas of countries and therefore are not relevant for a communication addressing all the NSO/NSAs in Europe. This includes, for example, programmes of the European Union focusing on Neighbouring non EU countries or that have different implantation objectives in different countries. Please do not hesitate to contact the Office in Brussels to inquire for more information.
