Scouting 3.0 – Innovative Support to National Scout Associations in Europe

Dear Friends,

"Scouting 3.0" is an European wide project aiming at promoting and developing online training as a complementary delivery method for adult training provision in National Scout Associations.

Eight European NSAs are leading the way, strongly committed and working hard in the development of procedures and resources that are expected to be disseminated all around Europe from July 2014.

For more information please contact the Project Team at elarning@scout.org

Yours sincerely,

David McKee

“Scouting 3.0” – Innovative Support to National Scout Associations in Europe

National Scout Organisations (NSOs) and National Scout Association (NSAs) around Europe dedicate a considerable amount of resources to the training and support of their adult volunteers, ensuring the correct mechanisms are in place to support the personal development of adults who undertake specific roles and volunteer their time.

Increasingly, associations are exploring and developing new ways of delivering training which can provide an answer to needs of adult volunteers, raising their satisfaction and consequently the length of their commitment to the Movement. E-Learning is one of the methods to support that strategy.

“Scouting 3.0” aims at promoting online training as a complementary training delivery method for European NSOs. It will provide a platform eventually populated with training modules focused on relevant subjects for all European NSOs.

The project has two main benefits: on one hand it allows the immediate beneficiaries to be empowered and acquire the necessary skills for developing online training modules relevant for adult training in Europe today and, on the other hand, it encourages the partners to multiply the experience, offering them the technical means and the know-how to identify their training needs and to use e-Learning as a useful tool to answer them. All the project outcomes will be shared with European NSOs.

Thirty highly motivated and skilled volunteers from eight European associations are currently involved: CNE – Portugal; CNGEI – Italy; Jůnak – Czech Republic; KFUM – Denmark; Les Scouts – Belgium; PPÖ – Austria; and SGdF – France.

The European Scout Region invites all European NSOs to join this project. We are also keen to be contacted regarding different possibilities to explore this project at the national level.
