Principal NSO/NSA contacts and International  
Commissioners in the European Scout Region

**12 September 2016**

**Circular 19 2016**

### **Committee Contact Countries for 2016-2019**

Dear International Commissioners, dear friends in Scouting,

The European Scout Committee's primary objective is to support our NSOs/NSAs and their International Commissioners in making a positive impact on society through Scouting.

One of the most effective ways we can do this is by working together through the Committee Contact System. Through this system, you will have a Committee Member available to you to share information, listen to your needs and work together to strengthen your organization. The Region will also assign a member of staff as a backup to further support you and your association.

*What can you expect from our side?*

- A privileged point of contact between the European Scout Committee and your NSO/NSA;
- An effective, personalised and timely support to your NSO/NSA;
- Two-way information exchange, to and from the European Scout Committee;
- Sharing of information, successes as well as challenges, particularly on the Strategic Priorities of WOSM;
- Facilitating Tailored Support for all aspects of your work.

*How does the Committee manage this?*

- We maintain an overall view of the stage of development, support needs and particular issues in each country;
- We coordinate and offer assistance in the form of Tailored Support in conjunction with the whole range of expertise available;
- We collect feedback, monitor delivery and agree follow-up actions with NSOs/NSAs;
- We ensure that information from the Region is available to those various individuals in the NSOs/NSAs who need it, and that it can be easily located on our various platforms;

#### *Formal Visits*

Experience has shown that the most effective means of Committee support is a well planned and effective visit by the Committee Contact. Where possible, we try to visit all Scout associations in the country. The Region usually supports the system by covering the international travel, and where possible the visited association covers the internal travel, accommodation and meal costs. In cases where this could cause difficulty, let us know and we will make other arrangements.

The Europe Region WAGGGS has a similar system and when appropriate the two Regions may organise joint visits of associations, which are members of both WOSM and WAGGGS (so-called SAGNOs).

*Follow-up of a visit*

The Committee Contact can play a useful role in identifying issues and in proposing responses that can be implemented by one or more regional volunteers or members of staff or through another association.

Please find below a full list of the allocations of Committee Members. And we have included also the relevant staff members who will support the implementation. We recognise that there are sometimes complexities and so, in some cases, there is a second Committee Contact to further support the system.

Your Committee Contact will be in touch directly with you, but we have provided their direct scout.org email addresses and the equivalent email address for the staff contact as well.

We are looking forward to working closely with you, towards a great triennium together.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Kevin Camilleri', with a long horizontal stroke extending to the right.

Kevin Camilleri  
Chairman, European Scout Committee  
On behalf of the entire European Scout Committee
