DEAR SCOUTS

ADJARA ORGANIZATION OF THE GEORGIAN SCOUT MOVEMENT IS HAPPY TO INVITE YOU AT THE INTERNATIONAL JAMBOREE - "SCOUTARIUM - DISCOVER TOGETHER" TO CELEBRATE 100 YEARS ANNIVERSARY OF ADJARIAN SCOUTS! CAMP WILL BE HELD IN THE MOST BEAUTIFUL PLACE IN GEORGIA - BATUMI BOTANICAL GARDEN, 10-17 JULY 2018.

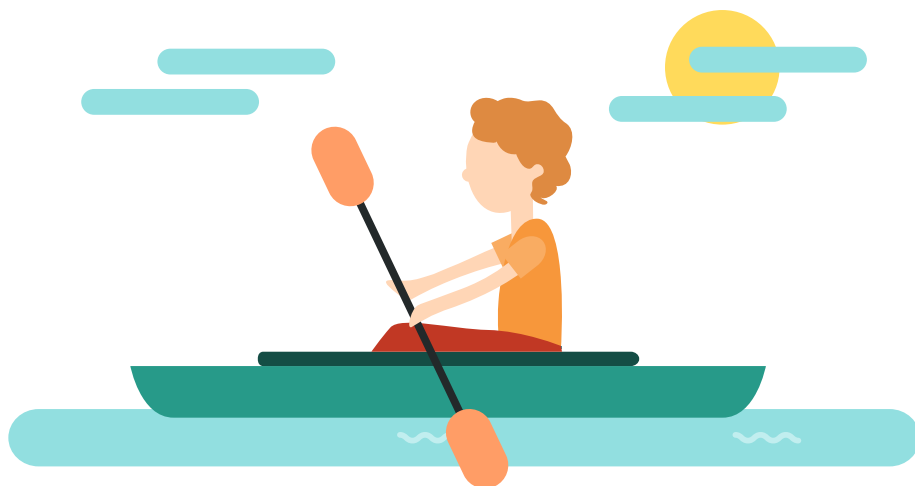

ADJARA

One of the most beautiful regions in Georgia, Adjara is situated in southwest Georgia on the Black Sea coastline. Adjara operates as an autonomous republic in Georgia and has its own flag and coat of arms. Turkey borders Adjara to the south. Christianity started to spread throughout Georgia in the 1st cent. AD from Adjara, and it became the state religion in the 4th cent. AD. The apostles Andrew and Simon preached in Georgia. According to some sources, Matthew the Apostle was buried in Adjara in Gonio. Today, Adjara is home to a variety of religions. In the same day, you can visit Christian orthodox churches, mosques, synagogues, and Catholic and Armenian churches. In addition to religious monuments, Adjara has a myriad of unique arch stone bridges, which date back to the Middle Ages. Batumi—the "Pearl of the Black Sea" as it is often called—is located in Adjara. European architects undertook numerous projects in Batumi at the beginning of the 20th cent. Today, Batumi is still a place of numerous architectural innovations. Adjara is home to the picturesque beaches of Batumi, Kvartsi, Sarp, Gonio, Tsikhisdziri, Mtsvane Kontskhi (the Green Cape) and Kobuleti. During the summertime, the beaches are often crowded with tourists enjoying their holidays. Adjara's visitors especially admire the region's pristine and unaltered nature. The region is particularly intriguing for eco tourists.

BATUMI

One of the most beautiful cities along the Black Sea, Batumi is located in Ajdara. According to historical sources, Batumi was founded before the Common Era. The initial settlement, Batus, is mentioned in texts that date back to the 4th cent. BC. Due to its interesting historical past Batumi was turned into a port and tourist city in the soviet and post-soviet period. Part of Batumi's intrigue is its rich architectural variety. When Batumi became a porto franco (free port), European architects flocked to Batumi and designed numerous unique architectural designs. Batumi's juxtaposition of ancient and modern architecture, its historical port, serene botanical garden, seaside boulevard, European squares and streets - not to mention its world-class hotels, restaurants, cafés and bars - make up the face of modern Georgia.

BOTANICAL GARDEN (CAMP AREA)

Boasting one of the widest varieties of flora in the world, Batumi Botanical Garden was established in 1912 by the prominent botanist and geographer Andrey Krasnov. The garden is 111 hectares and contains flora from nine phyto-geographic areas: East Asia, North America, New Zealand, South America, the Himalayas, Mexico, Australia, the Mediterranean, and the Caucasian humid subtropics.
